

# Team Box

## A break-IN Team Battle Experience...

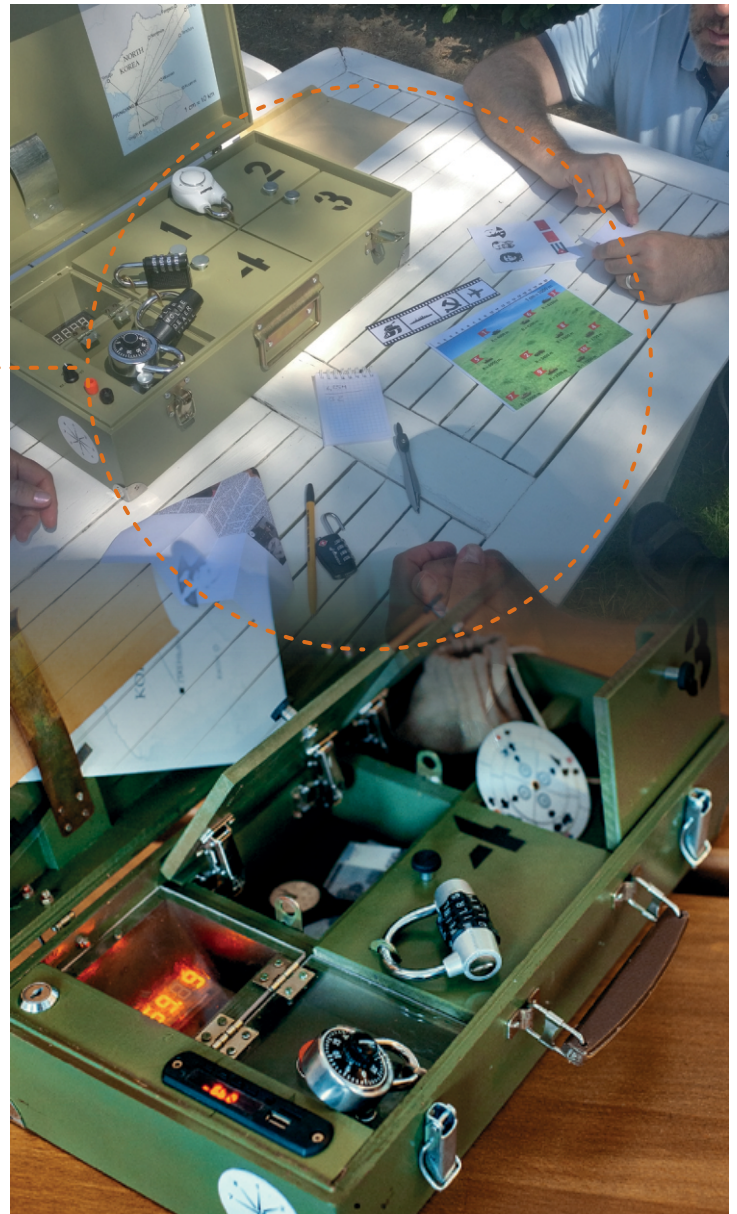

Some may have tried the entertaining 'escape rooms' around the world. We have flipped the concept, so it is both mobile and challenging. You compete against other teams to be the first in getting INTO a box.

Perfect for up to 18 teams of 3-4 people. In other words, suitable for groups of 6 to 72 people.

Each team is challenged to collaborate, and several of the tasks require parallel task solution.

After a short joint briefing, each team are introduced individually to a locked box and then the time counts down from 60 min. - the theme is: "Beat the box ...". The winning team is the one that gets into the box and presses the red button - before time runs out.

Breathtaking, tactical and entertaining - it feels like a mission impossible - and takes 60 minutes or less!
